2. Call-in time. An electronic meeting will begin fifteen (15) minutes before the start of each meeting.
3. Location of chairman. The Chair must be present if any portion of the meeting is in person.
4. Arrival announcements. Members who participate in the meeting by any electronic means shall announce themselves at the first opportunity after joining the meeting, but may not interrupt a speaker to do so.

5. Departure announcements. Members who leave the electronic meeting or the meeting room before adjournment shall announce their departure, but may not interrupt a speaker to do so. Failure of properly notifying the committee of dismissal will result in the meeting being recorded as an absence to the parting member.
6. Quorum calls. The presence of a quorum shall be established by roll call at the beginning of the meeting and on the demand of any member. Such a demand may be made following the departure of any member or following the taking of any vote for which the announced totals add to less than a quorum.
7. Obtaining the floor. To seek recognition by the chair, a member shall address the chair and state his or her own name. Members attending electronically will message the Secretary/Technology director to be recognized by the chair. Members physically present will be recognized first then the Chair will recognize members attending electronically. If attending by phone text the Secretary or Technology director to be recognized.
8. Motions submitted in writing. Written motions may be submitted by sending them to the Secretary at least two (2) days before the agenda is sent. The Secretary may, at her/his sole discretion, require such motions to be received four (4) days prior to the Agenda notice date. Motions will be sent with the Agenda and will follow the process of placing them on the "consent calendar" to be approved without debate unless an item is objected to and the objection has not been disposed of before the meeting. Written motions need to be seconded when submitted.
9. Voting methods. Votes may be done through voice vote, unless a member demands a hand count or roll call. Unless the Board orders a fully recorded roll-call vote, only the number of votes on each side and the number of members present but not voting (including members participating by phone) shall be entered in the minutes. Business may also be conducted by unanimous consent. Secret ballot will only be used for elections, unless waived by motion. Abstaining is only allowed with consent of the EC.
10. Loss of meeting-room connection. Any business transacted while the virtual meeting-room is disconnected from the meeting is null and void, except that the members present in the meeting room at such a time may take those actions that are in order in the absence of a quorum. Loss of connection means that all members attending via electronic means must be disconnected. Sole members who lose their connections will not prevent business from being conducted unless those members are needed to constitute a quorum. If a physical quorum is present at the meeting room, virtual members attending are not needed to obtain a quorum, therefore, business may be conducted despite losing their connection. If the Chair loses connection, the meeting is automatically recessed. If the meeting connection is down for 1/2 an hour the meeting is adjourned. Only members present, who lose their connection may vote by texting the cell number listed in meeting notice or send an email to the address listed in the meeting notice. When the roll call vote is taken, and members who are in attendance do not respond when called to cast their vote, they will be reached via text or phone to cast their ballot.
11. Other technical malfunctions and requirements. Each member is responsible for his or her connection to the electronic meeting; no action shall be invalidated on the grounds that the loss of, or poor quality of, a member's individual connection prevented participation in the meeting.
12. Forced disconnections. The Chair may order to disconnect or mute a member's connection if it is causing undue interference with the electronic meeting. The chair's decision to do so, which is subject to an undebatable appeal that can be made by any member, shall be announced during the meeting and recorded in the minutes.
